Attn.: Daniel D. Kelly, PRBRSA Engineer

Re: Borough of Butler, County of Morris, State of New Jersey
Pequannock River Basin Regional Sewerage Authority
Boonton Avenue Interceptor Rehabilitation
Contract I-4A – Sanitary Sewer Pipe and Manhole Replacement
Award Recommendation
Our Project No.: SCE-7535.001

Dear Mr. Kelly:

On Thursday, January 15, 2015, bids were received from six (6) bidders for the above-referenced project, opened at 10:00 AM and read aloud in the Council Chambers of the Borough of Butler Municipal Building.

The total contract low bid was submitted by Hutton Construction, Cedar Grove, New Jersey in the amount of \$387,072.00, as compared to the Engineer's estimate of \$646,694.50; the next lowest bid of \$403,585.00 was submitted by John Garcia Construction Company, Inc. The bid submission was complete, and performance on prior projects for which SCE was involved have been completed with favorable results. SCE defers to the Authority's Legal Counsel for matters of contract and bid submission conformance with applicable laws and codes.

Being a New Jersey Environmental Infrastructure Trust (NJEIT) funded project, approval to award is required by the NJEIT. SCE recommends that the Authority recommend Hutton Construction for the award of this contract contingent upon NJEIT approval. It is also SCE's recommendation that the full contract value is deemed admissible for NJEIT funding.

Total Amount Recommended for Award	\$387,072.00
---	---------------------

Should you have any questions regarding this recommendation, please contact my office.

Very truly yours,
SUBURBAN CONSULTING ENGINEERS, INC.

Jonathan R. Tardiff, PE, CME
Project Manager
