

## NOTICE

PRBRSA Construction Update – 9/18/2020

Please be advised that construction activities within **Butler Park and in the area of Main Street and Park Place, Butler, NJ** will start up again on Monday, September 21, 2020.

Over the next 4 weeks the construction to extend a sewer line underneath the NYS&W railway will be underway. Please note that this portion of the work will run 24/7 until the sewer line under the railroad has been installed. The method of construction involves hand tunneling and jacking beneath the tracks. Excavation and heavy equipment will be utilized.

The project is estimated to be completed by November 20, 2020.

Updates will follow as the project progresses.

If you have any questions or concerns please contact the Pequannock River Basin Regional Sewerage Authority (PRBRSA) at [authority@prbrsa.org](mailto:authority@prbrsa.org) or 973-838-7200 ext. 250. Information on the project is also available at our website at [prbrsa.org](http://prbrsa.org).
